

GILDA C. BANTA, D.D.S., INC.
A PROFESSIONAL CORPORATION

Welcome to our office!

Thank you for selecting Dr. Banta's office for your dental needs. We sincerely hope you find a noticeable difference here in our personalized and caring treatment of our patients.

Your first visit will be a complete examination, which includes X-rays and possibly intra-oral photos, complete head and neck examination, and prophylaxis.

We will be taking time with you to discuss your dental desires and goals, and we will treat you accordingly. Our goal is to give you the finest care possible.

We have enclosed our Health and Information Questionnaire. Please complete and sign these forms and bring them along with your insurance information and current X-rays, if you have them. If you have current X-rays from another office, we would be happy to assist you in obtaining them.

Again, thank you for choosing us. Our entire staff is looking forward to welcoming you to our dental family.

Sincerely yours,

Dr. Banta & Staff
